

BRAZIL AIRPORT SECURITY TECHNOLOGIES REVERSE TRADE MISSION

MAY 7 - 11, 2018 | WASHINGTON, DC | BOSTON, MA

As part of the **Brazil Airport Security Technologies Reverse Trade Mission**, the U.S. Trade and Development Agency will host a half-day **Business Briefing** for U.S. companies interested in opportunities in Brazil's aviation sector. This is a chance for U.S. companies to learn about Brazil's airport modernization and expansion plans and upcoming procurements. One-on-one meetings with the delegates will be arranged.

In recent years, Brazil's aviation industry has grown tremendously, due in large part to the Brazilian government's goal to spur economic growth, with aviation development playing a key role. The sector presents a number of opportunities for U.S. businesses.

As a part of the visit, USTDA will host a half-day Business Briefing

Tuesday, May 8, 2018
9:00 AM to 2:00 PM

Crystal City Marriott, Potomac Ballroom
1999 Jefferson Davis Hwy, Arlington, VA

Registration is Required
