A company in Jordan hired a law firm based in Portland, ME to provide legal services for power plant finance projects after participating in a USTDA-funded regional training project, which raised the law firm’s profile throughout the Middle East.

A company based in Trenton, ME sold weather monitoring equipment to the Philippines Atmospheric, Geophysical and Astronomical Services Administration following a USTDA-funded study evaluating the upgrade of meteorological telecommunications systems. USTDA’s study laid the groundwork for improving the Philippines’ ability to respond to weather events and natural disasters.

The U.S. Trade and Development Agency helps companies create American jobs through the export of U.S. goods and services for priority development projects in emerging economies. USTDA links U.S. businesses to export opportunities by funding project preparation and partnership building activities that develop sustainable infrastructure and foster economic growth in partner countries.
