

TURKEY: TÜPRAŞ REFINING AND PETROCHEMICALS

REVERSE TRADE MISSION

October 13–25, 2019

San Antonio · Houston
New Orleans · Chicago

The U.S. Trade and Development Agency (USTDA) is hosting a **Tüpraş Refining & Petrochemicals Reverse Trade Mission (RTM)**, bringing senior decision-makers from Türkiye Petrol Rafinerileri A. Ş. (Tüpraş) to the United States to familiarize them with U.S. companies, technologies, and equipment. Tüpraş is the largest oil refiner in Turkey and is poised to grow through investment in technology, with planned investment of US\$4 billion across their four existing refineries.

This visit will provide opportunities for U.S. companies to showcase their technologies and expertise to the delegation as Turkey and Tüpraş pursue ambitious modernization goals.

BENEFITS OF PARTICIPATING:

- Form new business partnerships
- Learn about upcoming project opportunities in Turkey
- Gain market intelligence
- Learn how to participate in Tüpraş' ambitious technology modernization goals
- Meet one-on-one with key decision-makers

HOW TO PARTICIPATE:

- Meet the delegates in San Antonio, Houston, New Orleans, or Chicago
- Host the group for a meeting or site visit to feature your capabilities
- Sponsor or host the delegation for meals/local transport
- Attend the [Business Briefing in Houston](#)
