

Brazil

U.S.-Brazil Aviation Partnership Airport Planning and Design

Business Briefing

MAY 5, 2021 | 3-4 P.M. EDT | VIRTUAL

Meet Brazil's Aviation Decision-Makers

The U.S. Trade and Development Agency is hosting a virtual business briefing to connect Brazilian aviation officials with U.S. companies. Focused on airport planning, design and master planning, the session will provide insight into Brazilian projects that will benefit from U.S. best practices and cutting-edge technologies and products.

BACKGROUND

The U.S.–Brazil Aviation Partnership is a USTDA-led forum for sharing U.S. best practices and technology solutions with Brazil's aviation sector leaders. It is implemented in close collaboration with the U.S. Federal Aviation Administration and Transportation Security Administration.

Brazil's aviation industry is one of the most critical industries in the Southern Hemisphere. It is one of only six countries in the world that manufactures commercial jets and has been one of the top 10 export destinations of U.S. aerospace products over many years.

Brazil's new infrastructure investment strategies and recent round of airport concessions signal exciting opportunities for U.S. companies interested in participating in the expansion of Brazil's dynamic aviation market.

ABOUT USTDA

The U.S. Trade and Development Agency helps companies create U.S. jobs through the export of U.S. goods and services for priority development projects in emerging economies. USTDA links U.S. businesses to export opportunities by funding project preparation and partnership building activities that develop sustainable infrastructure and foster economic growth in partner countries.

Attendance at this event is limited to U.S. individuals, U.S. firms, or U.S. consultants as defined by USTDA's Nationality Source and Origin Requirements available on USTDA's website at www.USTDA.gov.

WHY YOU SHOULD ATTEND

- Understand the landscape of Brazil's aviation sector
- Learn about upcoming project opportunities and USTDA's project participation process
- Interact virtually with key decision-makers

SPEAKERS

Representatives confirmed from:

- Brazil's National Agency of Civil Aviation (ANAC)
- Secretariat of Civil Aviation (SAC)
