USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Alabama Businesses

USTDA linked Progress Rail Services (Albertville, AL) to an opportunity to supply electro-diesel locomotives to several Brazilian rail concessionaires through a reverse trade mission highlighting U.S. railway technologies.

A Birmingham-based company supplied maintenance equipment to Vietnam's state electric utility as a result of a USTDA-funded reverse trade mission focusing on U.S. solutions for electricity transmission system modernization.
