Questions, Answers and Clarifications: This amendment consists of clarifying questions and answers submitted by potential Offerors regarding the RFP packet. Responses to submitted questions are attached.

Q: *May I know why the project for Algeria: GRTE Distributed Control System Technical Assistance RFP has been reposted ?*

A: The firm qualifications requested by GTRE have been refined as none of the proposals submitted in the previous RFP were able to meet all the narrowly tailored qualifications as had been previously posted. GTRE chose to reopen the bidding process and repost with slightly less stringent and tailored qualifications to permit a more flexible evaluation approach.
