USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Delaware Businesses

A Wilmington-based company exported technology licenses to a private Indian oil and gas company for the expansion and modernization of a refinery in Vadinar, India following a USTDA-funded feasibility study.

Another Wilmington-based supplier won a contract to supply solar panels to Kenya as a result of a USTDA-funded reverse trade mission, increasing cell phone charging capabilities, communication efficiency and electricity access across the country.
