USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Indiana Businesses

An Indiana-based company won a contract to supply spare parts to a Honduran port operating company following a USTDA-funded technical assistance program aimed at the modernization of the Port of Cortés in Honduras.

Ford Meter Box (Wabash, IN) supplied water distribution equipment to a provincial water project in Vietnam following their participation in a USTDA-funded reverse trade mission focusing on U.S. technologies for water reduction and wastewater treatment.
