

## **Position Title**

Intern, Finance Department

## **Summary**

USTDA helps companies create U.S. jobs through the export of U.S. goods and services for priority infrastructure projects in emerging economies. USTDA links U.S. businesses to export opportunities by funding project preparation and partnership building activities that develop sustainable infrastructure and foster economic growth in partner countries.

USTDA achieves its mission by funding feasibility studies, technical assistance and pilot projects that integrate U.S. private sector innovation into infrastructure projects at the critical early stages when design choices and technology options are determined. The Agency also connects overseas project sponsors with U.S. partners through its reverse trade missions, industry conferences and expert workshops.

USTDA's dual mission of facilitating overseas economic development and U.S. exports is unique among federal agencies. In carrying out its mission, the Agency places particular emphasis on vital economic sectors including clean energy, information and communications technology, transportation, agribusiness and healthcare infrastructure.

## **Requirements**

All internships are virtual and available to students who are U.S. citizens and currently enrolled in an undergraduate or graduate degree program. Strong writing and analytical skills coupled with excellent work and academic credentials are essential. A demonstrated interest in business or finance is preferred. All internships are unpaid, however USTDA will work with schools to help interns secure course credits.

For fall internships, USTDA seeks a commitment of at least 16 hours per week over a 12-week period. Fall internships start September 6, 2022, and end December 2, 2022. USTDA is willing to consider earlier start dates and later end dates.

## **Responsibilities**
