## USTDA'S MISSION AND TOOLS

**T**he U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

## Proven Results For Kentucky Businesses

A Louisville-based business exported pipes and other equipment to develop coal bed methane resources in the Sohagpur coal fields in northern India as a result of USTDA-funded technical assistance in India.

Following a USTDA reverse trade mission focused on railway safety, Siemens Mobility (Louisville and Marion, KY) supplied highway rail crossing warning systems to private Mexican rail consortium Ferromex.
