USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Maryland Businesses

A Maryland company exported meteorological technology to Sub-Saharan Africa following its participation in a USTDA-funded reverse trade mission on climate information and early warning systems.

A USTDA-funded aviation symposium resulted in a Maryland-based company winning a contract to supply security equipment for nine airports in India.
