USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Minnesota Businesses

A Minnesota company won contracts to supply railway equipment to a Brazilian mining company as a result of a USTDA-funded reverse trade mission to modernize the country's cargo and passenger rail systems.

A Minneapolis-based company exported industrial equipment to support the modernization of the Port of Cortes in Honduras following USTDA technical assistance.
