USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Montana Businesses

An organization in Missoula, MT won a contract from the Inter-American Development Bank to re-write the mining codes of Panama as a result of a USTDA-sponsored reverse trade mission.

The mission brought Panamanian mining officials to meet with a group of Montana environmental consulting firms.
