USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Nebraska Businesses

USTDA-funded technical assistance to Colombia resulted in the export of port modernization equipment from Nebraska that is supporting the country's port security efforts.

A Nebraska-based business exported irrigation solutions to Sub-Saharan Africa following its participation in a USTDA-hosted reverse trade mission for African agribusiness leaders.
