USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For North Dakota Businesses

A firm in Fargo exported agricultural equipment to countries in Sub-Saharan Africa as a result of a USTDA sponsored reverse trade mission highlighting U.S. agricultural expertise.

A North Dakota-based manufacturer exported heavy machinery to develop dry bulk unloading infrastructure at the Port of Cortés in Honduras as a result of a USTDA-funded feasibility study on port expansion and modernization.
