USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Pennsylvania Businesses

Harrisburg, PA

An automation solutions provider based in southeastern Pennsylvania exported electrical distribution equipment to support the implementation of a smart grid pilot project in the Philippines as a result of a USTDA study.

Three Pennsylvania companies supplied railway communications technology and infrastructure parts to Brazilian rail operators following a USTDA reverse trade mission focused on railway logistics and fleet modernization.
