USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For Rhode Island Businesses

A Cranston-based company supplied technology to a geothermal power plant in the Germencik region of Turkey as a result of a USTDA-funded feasibility study to support the plant's development.

A Rhode Island company exported power equipment for Honduras' Port of Cortés following USTDA-funded technical assistance that supported the modernization of the Port's infrastructure and operations.
