USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For South Dakota Businesses

A Sioux Falls company made sales to a consortium of companies in Ecuador as a result of a USTDA feasibility study. The project's success improved water, sewage, and drainage systems in Guayaquil, Ecuador.

A South Dakota manufacturer sold power line maintenance equipment to utilities in the Philippines as the result of a USTDA sponsored reverse trade mission focused on power distribution modernization.
