USTDA'S MISSION AND TOOLS

The U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

Proven Results For West Virginia Businesses

A USTDA feasibility study led to the implementation of a new geothermal power plant in Turkey, creating export opportunities for U.S. firms including a West Virginia company that provided well production services.
