## USTDA'S MISSION AND TOOLS

**T**he U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

## Proven Results For West Virginia Businesses

A Morgantown-based research center provided decision makers with data to help reduce transportation pollution in Mexico City following a USTDA grant aimed at implementing institutional, regulatory and market reforms.

Longview Power Plant (Maidsville, WV) hosted senior coal industry officials from Indonesia, Vietnam, and India as part of a USTDA-funded reverse trade mission to learn about coal-fired power emissions monitoring and control technologies.
