## USTDA'S MISSION AND TOOLS

**T**he U.S. Trade and Development Agency connects America's private sector to infrastructure projects in developing and middle-income countries. We achieve success by funding feasibility studies, technical assistance and pilot projects that integrate the innovation and expertise of American companies. USTDA also connects overseas buyers with U.S. sellers by hosting reverse trade missions, industry conferences and expert workshops across the globe.

## Proven Results For Wyoming Businesses

Over 140 U.S. companies, including a business based in Casper, WY, participated in the implementation of a Liquefied Natural Gas (LNG) upstream production and delivery system in Trinidad following a USTDA-funded feasibility study laying the groundwork.

Consulting services from a Cheyenne-based firm enabled the development of broadband backbone infrastructure in Rwanda stemming from a USTDA-supported a feasibility study.
